STRICTLY IN ADVANCE

A number of Jackson county soldiers from overseas have returned home during the past few weeks. Nearly every mail car brings some of our boys back home. The boys that are coming in now, are the ones who faced the German in "No Man's Land." These boys are of course proud to get home, broader still, that they had the honor of taking part in the world's greatest war, defeating the most powerful military nations the world has ever known. They have gone into the very jaws of death time and again in order to bring peace to the world. We are sure the people of Jackson county desire to show their appreciation of the service our boys have rendered in helping to free the world of the murderous Huns, and to this end we suggest that a celebration be held July 4. By that time most of our soldiers will be at home, and on the day of our national holiday will be a fitting time to honor our heroes. Let's get busy now and begin preparations.

county, can tell you what war is, because they were in some of the hottest contests that the Huns pulled off during the war. Their bloodiest scrapping took place in the battles of the Argonne.

Encel A. Chaffin, who recently arrived from overseas, is at home with his parents, Mr. and Mrs. John R. Chaffin, on R-1. He was a member of Co. B, 114th Field Artillery, which played an important part in bringing the war to a close. He passed thru Gainesboro last Thursday, and like the rest of the returning heroes, he didn't tarry long, and we don't blame him, as he wanted to get home to those dear parents who were anxiously waiting his return with outstretched arms. The Sentinel extends an invitation to all the overseas fighters to come around the shop sometime and tell just a few "hair raisin' uns."

The first ball game of the season was pulled off on the local grounds Wednesday afternoon between the Flynns Lick team and Jackson County High School team, which resulted in a defeat for the later by a score of 6 to 8. Neither side had had any practice to amount to anything, and all were a little rusty and stiff. But, considering the weather, which was very disagreeable, and the amount of practice both teams played a good game. Judging from the looks and size of the F. L. team, we see no reason why they should not hold a hand with any team in the State. We are glad to see such an interest being taken in this great game, base ball, and trust that the boys will soon get in good form and give us good match games this season.

Joseph Baldwin arrived home Sunday from Camp Jackson, S. C., on a 12 days furlough. He arrived from overseas the first of April and has been in the hospital preparing for an operation, which he will undergo on his return to camp. Young Baldwin has the distinction of being one of the first, if not the first, in the United States to volunteer in the army after war was declared. He enlisted at Cincinnati, O., April 7, 1917 at 8 p. m., and was

sent to Ft. Thomas, Ky. From Ft. Thomas he was sent to Eagle Pass, Tex., as a member of the 3rd Infantry. He remained in infantry nine months and volunteered for overseas service and was transferred to the 14th machine gun company, with which company he made a fine record as a soldier and fighter. He holds the record of being the best shot in his battalion.
